

Town Pump #7 | Kalispell, MT

48" Dia. x 920' 16 Ga. Aluminized Steel Type II Underground Stormwater Detention System

Owner

Town Pump, Inc

Contractor

Siderius Construction

Consulting Engineer

Big Sky Civil & Environmental

Application

Installation of a Stormwater detention system to collect runoff for the Town Pump in Kalispell.

Why this product versus others?

Low cost and ease of installation

Project challenges

Detention system layout had to fit the compact and low-rise site conditions
