

Condominiums at Silver Creek Estates | Billings, MT

AquaShield Aqua-Swirl™

Owner

Boyer Land Development

Contractor

Weber Construction

Consulting Engineer

KLJ Engineering - Billings, MT

Application

Two hydrodynamic sediment separators used for stormwater management

Why this product from TrueNorth Steel?

The ability to have the inlet and outlet the same elevation, and was the most cost effective product

Project Challenges

Compact area for installation

Special/unique elements of the project

Utilized horse shoe inlet and outlet design; Inlet and outlet were the same elevation
