

COMMERCIAL SAN6 PROJECT AZTEC

LOCATION	SIZE	CONTRACT VALUE	SCOPE
San Diego, CA	2,400 Tons	\$43,000,000	Structural Steel Miscellaneous Metal Steel Joist and Decking Steel Erection

1.1M square foot multi-level facility with an aggressive construction schedule that requires detailed coordination with other subcontractor (to coordinate trade stacking), weekly design team coordination and a unique material sourcing approach to overcome challenges presented by changing design criteria and the extraordinarily aggressive build schedule.

In Partnership with alston Construction.
