SACRAMENTO COUNTY COURTHOUSE

LOCATION	SIZE	COMPLETION DATE	SCOPE
Sacramento, CA	4,500 Tons	2022	Structural Steel Miscellaneous Metals Stairs

TrueNorth Steel fabricated and installed structural steel and stairs as well as coordinated subcontracted misc. metals for this momentous 18-story courthouse with 567,000 square feet in Sacramento County, California. TrueNorth Steel leveraged two of its manufacturing facilities—Billings, MT and Lubbock, TX—to simultaneously produce then ship out a total of 330 loads of fabricated structural steel. TrueNorth Steel worked closely with the project contractor to manage resources, coordinate site logistics, and keep the project on schedule.

In Partnership with Clark Construction.
