

## COMMERCIAL SANFORD MEDICAL CENTER

LOCATION	SIZE	COMPLETION DATE	SCOPE
Fargo, ND	3,750 Tons	2017	Structural Steel Miscellaneous Steel Steel Joist and Deck SidePlate® Steel Erection

This one-million-square-foot, 11-story facility houses 284 beds, 27 operating rooms, and dozens of emergency departments, making it one of the largest healthcare construction projects in the United States. TrueNorth Steel fabricated and erected the steel in just eight months.

In Partnership with Mortenson.
